4. This treaty is to be considered null and void if the treaty is violated and any attempts to produce a resolution are unsuccessful.

Letter from the Rector to Justice Nanatovich

Dear Justice Nanatovich,

It is with great displeasure that, under Article III.10 of the Constitution, I request a delay of this month's Ballot.

Unfortunately, I do not currently have a functioning computer, and therefore I cannot prepare a Ballot. I hope to have a computer fully functioning within a week, and so will be requesting a seven day postponement of the Ballot. An extension for accepting proposals would be offered accordingly.

It is my hope that this does not occur again, however, it is the sort of situation that the Constitution of Our Serene Republic did prepare for, and so I feel in this case it must be done.

Sincerely,
The Rector

Order from Justice Nanatovich

M002-011

It is so ordered that the ballot be postponed by seven (7) days from the date of this order.

Signed
Chase Nanatovich
